**SUBJECT : Fourth Supplement to Executive Order (EO) No. 20-018-A,
s. 2020**

In view of the recent developments, wherein the returning Overseas Filipino Workers (OFWs) who already tested negative for COVID-19 at the point of origin have tested positive for the deadly virus in the point of destination, the national government pointed out that *"[b]etween the time a test is conducted and the time of arrival of an OFW of anyone traveling, the possibility of infection remains."*

Those who will test positive in RAT shall undergo another 14-day quarantine while those who will test negative in RAT shall be issued a post-quarantine certificate, as an additional safety measure to ensure that one is truly healthy and devoid of COVID-19.
